Dear Buddy:

On behalf of the members of the Safety Awards Committee, it gives me great pleasure to advise you that the Committee has selected Budco Enterprises for its annual Safety Award for its safety record during the 2011 calendar year.

It is obvious from its record that your company places high regard on the safety of its employees. You are clearly aware that safety does not just happen. Operations must be meticulously planned to ensure not only that they can be performed quickly and efficiently, but also safely. Not only is a safe operation good for the "bottom line", it is the essence of good employment practices. There is no greater horror for a family than to see its bread winner off to work in the morning and never see him again because of a jobsite accident. The decision makers in your company obviously feel the same way.

A luncheon has been scheduled where the aforementioned award will be presented to your company. Of course, any representatives of your company whom you feel are appropriate are invited and welcome to attend this luncheon. It would therefore be appreciated if you would contact Carol Mottley @ 212-697-5551 to advise us as to the number of attendees by close of business Tuesday, November 27, 2012. The event is scheduled for Friday, December 14, 2012 at 12:00 noon at the Westin New York Hotel, 212 East 42nd Street, NYC, NY in the Grand Central Room.

Once again, congratulations on "a job well (and SAFELY) done".

Yours truly,

William Shuzman
Executive Director
